Section 1 – Chemical Product and Company Information

Product Name: GEMCOAT-WB™
Product Code: 96F-163B
Product Uses: Sealing masonry units that have a ground or milled face finish.

Distributor:
York Building Products
950 Smile Way
York, PA 17404

Manufactured by:
Chemcoat, Inc.
P.O. Box 188
2790 Canfield Lane
Montoursville, PA 17754

IN CASE OF EMERGENCY:
Chem-tel
800-255-3924

Section 2 – Hazards Identification

GHS Ratings:

GHS Hazards:

GHS Precautions:

Routes of Entry:
Inhalation; Skin Contact; Eye Contact; Ingestion

Exposure to this material may affect the following organs:
Eyes; Liver

Effects of Overexposure:

Carcinogenicity: The following chemicals comprise 0.1% or more of this mixture and are listed and/or classified as carcinogens or potential carcinogens by NTP, IARC, OSHA, or ACGIH.
### Section 3 – Composition / Information on Ingredients

### Section 4 – First Aid Measures

**Inhalation:** Move person to fresh air. If breathing has stopped, administer artificial respiration. Seek medical attention!

**Eye Contact:** In case of eye contact, flush the eyes with water for fifteen (15) minutes. If contact lenses are worn, quickly remove them, then flush the eyes with water. Have a physician examine the eyes.

**Skin Contact:** In case of skin contact, remove contaminated clothing. Flush the skin with large amounts of water, then wash the skin with soap and water.

**Ingestion:** Do not induce vomiting. This may cause chemical pneumonitis and pulmonary edema. If vomiting occurs spontaneously, keep the head below the hips to prevent aspiration of liquid into the lungs. Seek immediate medical attention.

### Section 5 – Fire Fighting Methods

**Flash Point:** > 100°C (>212°F)

**Auto-ignition:**
- LEL: 0.6%
- UEL: 20.4%

**Extinguishing Media:** Use carbon dioxide (Co2), foam, dry chemical, or water spray/water fog extinguishing system.

**Unusual Fire and Explosion Hazards:** Vapors may travel considerable distance by air and become ignited by ignition sources.

**Hazardous Combustion Products:** Oxides of carbon.

**Fire Fighting Instructions:** Full protective equipment including self-contained breathing apparatus should be used.
Fire Equipment: Water spray may not be effective; use fog nozzles.

Section 6 – Accidental Release Measures

Spill and Leak Procedure: Eliminate all ignition sources. Ventilate the area. Use appropriate respirator and protective clothing.

Small Spills: Contain spill areas with dikes. Recover spilled material into containers. Absorb remainder with absorbent material.

Large Spills: If small spill measures do not contain the spill, notify local authorities and/or the fire department.

Section 7 – Handling and Storage

Handling: Avoid prolonged breathing or contact with product. Keep containers closed when not in use. Do not cut, drill, grind, or weld near containers even when empty. Use non-sparking tools when working around this material.

Storage Requirements: Protect from freezing. Keep containers closed when not in use. Keep away from excessive heat, open flames, or sparks.

Regulatory Requirements: Consult national, state and local environmental laws.

Section 8 – Exposure Controls / Personal Protection

<td></td>
</tr>
</tbody>
</table>

Ventilation: Exhaust as required to keep exposure below Threshold Limit Values.

Protective Gear: If ventilation equipment cannot control exposures below the TLV’s, wear a properly fitted organic/particulate NIOSH/MSHA-approved respirator. Wear rubber or neoprene protective gloves for repeated or prolonged skin contact. Wear safety glasses or face shield for eye protection.

**Section 10 – Stability and Reactivity**

**Stability:** Stable.

**Incompatibility:** Strong acids or bases.

**Hazardous Decomposition:** Oxides of carbon and nitrogen.

Hazardous polymerization will not occur.

**Section 11 – Toxicological Information**

Dipropylene Glycol Butoxy Ether

LD 50:
Dipropylene Glycol Monomethyl Ether

**Section 12 – Ecological Information**

**Ecotoxicity:** Protect environment from spills and releases.

**Section 13 – Disposal Considerations**

**Disposal:** As the US EPA, state, local or other regulatory agency may have jurisdiction over the disposal of your facility's waste, it is incumbent on you to learn and satisfy all the regulations which affect you. Dispose of in accordance to government regulations. Destroy by liquid incineration by certified environmental service group.

**Section 14 – Transport Information**

Protect from freezing.
